PART 1: MEMBERSHIP AND FACILITIES

Approved February 7, 2022 except as amended

SECTION 1 - DUES AND FEES (updated 12/15/2021)

1.1.1 General

Annual dues and fees shall be established each year by the approval of a majority of the Board in office, provided that should the Board fail to establish the amount of a particular fee, it shall remain unchanged from the previous year.

1.1.2 Annual Dues

- A. The Board shall establish membership dues for each fiscal year on or before December 10. In establishing annual dues, the Fiscal Affairs Committee (FAC) and the Board shall use the following formula as a starting point. The sum of 50% of the CPI (W) percentage increase/decrease through September of the current year and 50% of the Social Security percentage increase/decrease for the current year. To the extent permitted by law, the FAC and the Board may deviate from this formula in establishing the dues after taking into consideration all relevant factors including, but not limited to, projected operating costs, maintenance projects, and appropriate reserves. These dues are payable on or before January 1 of that same fiscal year.
- B. Upon the initial purchase of a property in a deed-restricted subdivision, the annual dues shall be prorated as of the date of closing. When an owner of property in a subdivision which is not master deed restricted subjects his/her property to a GVR deed restriction, the annual dues shall be prorated as of the date the property is made subject to the voluntary deed restriction.
- C. Commercial Residential/Care Facility (CRCF) membership properties shall pay annual dues in an amount equal to the then current annual dues multiplied by the number of units in the facility, regardless of whether or not such units are occupied.

1.1.3 Annual Dues Installment Payment Plan

- A. Payment plans are available to members who prefer to pay annual dues in monthly installments rather than paying in full, subject to the limitation in (C) below.
- B. The fees for setup and administrative costs associated with a payment plan will be established by the Board.
- C. A GVR property must be owner-occupied in order to qualify for a payment plan.
- D. The past and current month's payments will be charged and must be paid at the time the plan is set up.
- E. If a member requests a payment plan, his/her account may be subject to all applicable finance charges.
- F. Members will only be able to use the payment plan with an Automatic Clearing House (ACH) Debit.

- G. At the time of the request, future finance charges will stop unless the member defaults on payments. If the account is defaulted, all past applicable finance charges that would have been charged will become due.
- H. Members may continue to use GVR facilities and attend programs if they are current with their payments.

1.1.4 Due Date and Effect of Nonpayment of Annual Dues

- A. Annual dues are due and payable on or before January 1st.
- B. Any dues, fees, or assessments that are not paid in full ten (10) days after their due dates shall be deemed delinquent and subject to a late fee as determined by the Board.
- C. If a member's account remains delinquent as of May 1, the account will be referred to counsel for collection, including, but not limited to, the recording of a notice of lien against the member's property and the initiation of legal proceedings against the delinquent member and/or his/her property. Collection costs, including, but not limited to, attorney's fees and court costs, shall be the responsibility of the delinquent members.
- D. A member who has entered into an approved payment plan with GVR and is in compliance with the terms thereof shall not be considered delinquent.

1.1.5 Initial Fees

- A. The Initial Fee may be adjusted annually by the Board based on the Department of Labor CPI (Consumer Price Index), "all items, Western Urban Region," rounded to the nearest dollar amount.
- B. The Initial Fee applies upon the sale of a deed-restricted GVR property from a developer to a third party or upon an owner electing to voluntarily deed restrict property for GVR membership.
- C. An owner paying an Initial Fee shall be exempt from paying the Membership Change Fee on that property.
- D. A portion of the revenue from Initial Fees is to be used to fund contributions to the Initiatives Reserve Fund as determined by the Board.

1.1.6 Membership Change Fee

- A. Upon transfer of title of a GVR membership property, the new owner shall pay a Membership Change Fee.
- B. The Membership Change Fee shall be refunded if the new owner was a GVR member within 365 days prior to the transfer of title and owns no other GVR property.
- C. Revenue from the Membership Change Fee may be used as will most effectively further the general purpose of the Corporation to provide for current and future needs. A portion of the revenue from Membership Change Fee is to be used to fund contributions to the Initiatives Reserve Fund as determined by the Board.
- D. The Membership Change Fee does not apply to the transfer of title for estate purposes (e.g., into a trust).

1.1.7 Other Fees

- A. A fee for service is payment for the work involved in an operation that benefits individual members, as distinct from the entire membership.

SECTION 2 – OPERATING CASH POLICY (adopted 9/22/2021)

5.2.1 Overview

GVR maintains two operating cash accounts to ensure access to working capital needed to fund the day-to-day operations of GVR. This includes Board-approved transfers to reserve funds as described in Part 5 Section 3. The following information describes the purpose, methodology to determine level of cash needed during the year, and monitoring responsibility for these cash funds.

5.2.2 Purpose

- A. To be fiscally responsible and implement best practices related to cash management, the Cash Management Policy must:
 - 1. Allow for easy accessibility of funds to meet the working capital needs of GVR.
 - 2. Recognize the seasonality of the income flow.
 - 3. Be consistent with the Investment Policy established for that account.

5.2.3 Description of Cash Accounts

A. Operating Cash Bank Account

- 1. Consists of all deposits at a local bank, including, but not limited to annual membership dues, Property Acquisition Capital Fee (PACF), Tenant Fees, and program revenue.
- 2. All checks are written on this account for operating expenses.
- 3. Withdrawals are also done for the transfer of Board-approved amounts to each Reserve Fund as described in Part 5 Section 3.

B. Operating Cash Investment Account

1. This is the holding account maintained by the Investment Manager that is selected and approved by the Board. These funds are invested pursuant to the Investment Policy in Appendix 1 Section 3.
2. Staff is authorized to transfer funds between this account and the operating cash bank to meet daily expenses as necessary.
3. Due to fluctuations in cash needs this account may be 'rebalanced' periodically to allow excess cash to be moved to an appropriate reserve account.

5.2.4 Operating Cash Policy

A. Methodology for Determining Level of Total Cash Required:

1. GVR's approved operating budget requires following the steps as described below in determining the annual cash needs of the organization.

Chart 1 - Total Annual Cash Required to Fund GVR for Fiscal Year

Steps	Description	Example (Cy 2021)
1.	Use the Total Expense Budget approved by the Board	\$11,196,453
2.	Subtract Non-Cash Depreciation	(1,810,173)
3.	Subtract Expenses paid by Maintenance, Repair and Reserve (MRR-A)	(259,034)
4.	Add Non-Reserve Capital Purchases	205,000
5.	Subtract Reserve Fund Investment Fees	(82,792)
6.	Add back the Reserve funding revenues approved to be transferred to respective Reserve Accounts	
	a. Maintenance Repair and Replacement (Part A)	1,048,192
	b. Maintenance Repair and Replacement (Part B)	169,553
	c. Initiatives Reserve	507,315
7.	Total Annual Cash Required to Fund GVR for the Fiscal Year	\$10,974,514

B. Determination of Number of Days of Average Cash on Hand Required:

1. GVR follows the best practices guideline that recommends a minimum cash balance, at the lowest point during the year, of 90 days of the annual expenses ("90-Day Guideline").
 - a. Prior to calculating the 90-Day Guideline, GVR will subtract the one-time annual revenue transfer made to the MRR-A Reserve Fund in January of each year. This allows GVR to maximize investment returns to the MRR-A fund.
 - b. The required cash will be divided by 365 days to determine the Average Daily Cash Required. This amount will be multiplied by 90 days to determine the 90-Day Guideline.
 - c. This calculation will be made after the Board's approval of the budget for the following year.

Chart 2 - Total Cash Required to Fund GVR for 90 Days

Steps	Description	Example (Cy 2021)
1.	Use Total Cash Required for fiscal year from Step 7 in Chart 1	\$10,974,514
2.	Subtract cash transfer to MRR Part A, in January	(1,048,192)
3.	Add Step 1 and 2 for Total Cash Required	9,926,322
4.	Days per Year	365
5.	Divide to get the Daily Average Cash Required	27,195
6.	Multiply by 90 days as best practice minimum days	90
7.	Total Cash Required to fund GVR for 90 Days	\$2,447,586

C. Description and On-Going Monitoring of Cash Cycle:

1. GVR receives the majority of its revenues from member dues in December/January of each year with other revenue streams budgeted on a monthly basis. Some expenses are budgeted on an equal monthly basis; however, those that are seasonal, such as member activities and facility maintenance expenses are budgeted as close to expected timing of expense. As actual expenses are reported each month and reflected in the monthly financial statements, staff may adjust the projected expense for the remaining months to account for any timing issues related to the actual expenses. Because of this seasonality of the collection of revenues and projected monthly expenses, the chart below reflects the uneven nature of cash balances at the end of each month. The cash balances are gradually spent down each month with the 90-Day Guideline projected in November of each year. GVR also subtracts the amount of the Property Assessment Capital Fund (PACF) that has been paid to property owners. The Auditors require this item be recorded in this manner.
2. Staff will monitor these cash balances as part of its monthly financial report. As actual expenses and revenues are recorded, the projected cash balances may fluctuate resulting in a change in the end-of-month cash-on-hand beyond the 90-Day Guideline. If, after analysis and projections of the cash needs for the remaining months of the calendar year, this variance is determined to be excess of cash needed, the Board may review options to transfer this excess to other Reserve Accounts.

Chart 3 - Projecting Operating Cash Above the 90-Day Minimum

Steps	Description	Example (Cy 2021)
1.	Use Cash Balance Projected for November (from Monthly Chart of Cash Flow with Projections for Remaining Months)	3,517,961
2.	Subtract PACF Allowance	(312,340)
3.	Total Net Cash Available for Operating funds	3,205,621
4.	Divide by Daily Average Cash Required – Chart 2, step 5	27,195
5.	Number of Days of Operating Cash Available	118
6.	Total Net Cash Available for Operating funds (step 3 above)	3,205,621
7.	Take Minimum 90-Day Cash Minimum from Chart 2, Step 7	(2,447,586)
8.	Projected Operating Cash Above the Minimum available for possible distribution to other Reserve Accounts	758,035

Monthly Chart of Cash Flow with Projections for Remaining Months

SECTION 3 - RESERVE POLICY (updated 10/27/2021)

5.3.1 Overview

GVR maintains three (3) financial reserve funds that are Board-designated to ensure its long-term solvency and sustainability as part of the Corporation's Financial Planning Principles. For each reserve fund, the following information describes the purpose, desired target range, funding source, authorization and investment parameters. In executing its oversight role, the GVR Board may elect to revise these factors over time, as needs of the Corporation evolve and as opportunities and investment markets may suggest.

5.3.2 Maintenance of GVR Financial Reserve System

A. Definitions:

1. Defined terms are capitalized in Bold typeface.

 - b. A **reserve account(s)** is a checking, savings, investment or any other type of account in which reserve monies are deposited.

B. Reserve Contributions and the Annual Budget

1. Reserve Contributions to the Reserve Accounts shall be an integral part of the annual budget.
2. The annual operating budget shall generate sufficient Excess Revenue-Over-Expenses to make the Reserve Contribution to the Maintenance, Repair and Replacement Fund (MRR-A) called for in the Annual Reserve Study.
3. Contributions to the MRR-B fund shall be, if any, recommended by the CEO to the FAC for consideration and approval then forwarded to the Board for approval.
4. Reserve Contributions to the Initiatives Reserve Fund shall be funded from a portion of the Property Acquisition Capital Fee and/or from the Initial Fee based on the applicable fee when a GVR member property is sold.
5. Contributions to the Emergency Reserve Fund shall be recommended by the CFO to the Board for consideration and approval.

C. Calculation of Operating Surplus or Deficit

1. At the end of the fiscal year, the Board shall determine the amount, if any, to contribute from operational surpluses. Operating surplus or deficit is calculated as follows:
 - a. Begin with the Change in Net Assets from the Audited Financial Statements.
 - b. Deduct gain/losses on operating accounts.
 - c. Deduct net investment income on Reserve Accounts/investments.
 - d. Add depreciation expense.
 - e. Deduct current-year purchases of Capital Assets (cost basis, before accumulated depreciation).
 - f. Add reserve cash amounts that were used to purchase Capital

Assets.

- g. Add expenses that were paid using reserve cash (i.e., repairs and maintenance expenses paid for using MRR funds).
 - h. Deduct funding cash transfers to reserve funds during the year (i.e., required MRR funding).
 - i. Add or deduct any other non-cash items (i.e., in-kind capital donations).
2. The intent of the calculation is to determine if there is a surplus of operating revenue over operating expenses each year that can be transferred to a reserve fund. The calculation is to remove non-cash items such as depreciation and unrealized gains/losses. Additionally, adjustments are to be made to take into consideration operating cash used for Capital Asset purchases. Reserve fund cash used to pay for Capital Asset purchases and operating expenses should not be included in the operating cash surplus.
- D. Paying from Reserve Accounts or Reimbursing Operating Cash Account for Reserve Expenditures**
- Within sixty (60) days after adoption of this policy by the Board, GVR shall establish a written accounting and internal control policy and procedure based on GAAP to track and document all withdrawals by check or electronic means and Board-approved transfers, electronic or otherwise, between Reserve Funds, pay Board-authorized reserve expenditures or transfers to reimburse operating cash for such expenditures. Such policy and procedure shall require written instructions and supporting documentation signed by the CFO and approved by the CEO or, in the CEO's absence, the CEO's designee.
- E. Priority of Making Contributions to Reserve Accounts**
1. GVR shall make contributions to Reserve Accounts in this order of priority:
 - a. Maintenance, Repair and Replacement Reserve Fund (Part A and Part B)
 - b. Initiatives Reserve Fund
 - c. Emergency Reserve Fund.
- F. Rebalancing Reserve Accounts**
1. A Reserve Account(s) may have a balance greater than the Board's target minimum balance due to a number of factors including returns on investments. The Board may consider rebalancing a Reserve Account(s) by:

6.1.5 GVR as Ticket Outlet for Non-GVR Sponsored Programs

- A. GVR may act as a ticket outlet for organizations located outside Green Valley and community organizations within Green Valley.
- B. Tickets shall be sold to both GVR and non-GVR members and ticket prices must include a discount for GVR Members.

SECTION 2 - GVR CLUBS

6.2.1 Organization (updated 6/23/2021)

- A. Any group with thirty-five (35) or more GVR Members, interested in pursuing a particular field of interest, consistent with the mission of GVR, may join together and form a GVR Club, as long as a similar club doesn't already exist within GVR.
- B. All members of a group requesting "Club Status" must be members of GVR.
- C. The group may formally request that the Board grant them GVR "Club

- Status," which entitles the group to a scheduling priority for reserving GVR facilities on an annual basis.
- D. A club application, available online and at the Administrative Offices, must be submitted to the GVR Club Liaison.
 - E. The Club Liaison shall review the completed application and submit a written recommendation to the CEO or designee.
 - F. If the CEO agrees that the club request is in order, a copy of the club's information is given to the BAC Chairperson, for inclusion in the next scheduled Committee meeting, agenda permitting.
 - G. Representatives of the prospective club shall be invited to the Committee meeting to speak on behalf of the club.
 - H. If the BAC approves the prospective club for recommendation to the Board, representatives from the club shall be invited to attend the next meeting of the Board to speak on behalf of the club.
 - I. If the Board approves the request for club status, the Club Liaison will notify the Club President.
 - J. If a prospective club request is denied the CEO shall notify the Club Representative in writing.
 - K. The newly established club will operate independently of GVR but will be required to follow all rules and guidelines set forth by the Board.
 - L. The Club Liaison will retain a club file in his/her office.

6.2.2 Membership/Guests/Monitoring (updated 8/29/2017)

- A. Club membership shall be open to all GVR Members and they shall be entitled to participate in any meeting or activity. Clubs may not grant honorary membership, or their equivalent, to anyone who is not a GVR Member. Any GVR Member who is refused admission to a club shall notify the Club Liaison at once. All Club Officers shall be club members.
- B. Clubs may establish prerequisites for joining their activity such as training or an orientation.
- C. Clubs that fail to maintain at least twenty-five (25) active members jeopardize their "Club Status." If a club's membership falls below 25, the Club Liaison will contact the Club President and offer suggestions on ways to increase membership. If efforts to increase membership are not successful, the Club Liaison will advise the CEO. If necessary, the CEO will bring the issue to the BAC, who shall make a recommendation to the Board as to whether Club Status should be revoked.
- D. If it is determined by the Club Liaison that there is a fifty-percent (50%) or more crossover in activities and/or interests in two or more clubs of the same type, those clubs may be consolidated.
- E. Clubs may not affiliate with any national, state, or regional organization that requires GVR members to join its external organization. Optional membership in such organizations is allowed.
- F. Clubs may grant guest privileges, at their discretion, to guests of GVR Members and, if authorized by the Board, other non-GVR members upon payment of a guest fee to GVR.
- G. GVR Clubs shall establish an effective monitoring system to ensure that only GVR Members and eligible guests attend meetings and activities of the club.
- H. GVR Clubs that present performances to the membership and general

public will be permitted to use non-GVR individuals in performing or production roles under the following circumstances:

1. Club members with the necessary qualifications are not available.
 2. Approval must be obtained from the GVR Club Liaison on a case-by-case basis.
 3. Each non-GVR individual must sign an agreement acknowledging that he/she will not be covered by GVR Corporate Worker's Compensation nor listed as an additional insured in any GVR commercial insurance policy.
 4. The agreement will note the terms and conditions of their involvement in the production and will not last beyond the specified performance(s).
 5. Should the individual be a minor, then the parent/guardian must sign the agreement on his/her behalf.
 6. GVR will permit student participation in a production with the acknowledgment and sponsorship of the student's school administration.
- I. GVR teams participating in competitive events must be comprised solely of GVR Members.
- J. The non-GVR guest policy for competition or participation in clubs is as follows:
1. GVR Clubs may host competitive events and allow non-GVR members or guests to participate. The club must notify GVR's Club Liaison prior to the scheduled event. Documentation outlining the nature of the competition(s) will be required for each event. Non-GVR members or guests are only authorized to use GVR facilities associated with the event, including warm-ups/practice time.
 2. League play may occur if there is a reciprocal agreement to play at each other's facilities.
 3. Outside of league play, Clubs may grant participation to guests at their discretion, as long as those individuals are eligible guests as defined in Part 1 Section 2: 1.2.2.
- K. Non-GVR Member Club Participant Policy:
1. Clubs listed as Social or Dance Clubs on GVR's website may allow non-GVR members to attend their events.
 2. Non-members must sign a waiver.
 3. Non-members will pay a fee established by the Board.
 4. Clubs will remit fee and record of attendance to GVR Club Liaison.
 5. Clubs may apply for a waiver of fees annually. The BAC will review applications to determine if fees are a hardship to the club and make a recommendation to the Board. Clubs will be notified of the Board's decision.

6.2.3 Insurance

- A. GVR maintains general liability insurance for all of its facilities.
- B. GVR's Directors and Officers (D&O) insurance does not cover Clubs' Directors and Officers. Clubs desiring this coverage need to contact a commercial insurance broker and if purchased, a copy of the binder shall be provided to the GVR Club Liaison.
- C. When a club holds an Arts and Crafts Fair, festival, or any large event

open to the general public, commercial vendors must list GVR as an Additional Insured when completing the application for the Special Events Liability insurance policy.

- D. GVR is responsible for insurance coverage and personal property taxes on GVR-owned property only. It shall be the responsibility of each club to obtain necessary insurance on any equipment not owned by GVR, but located on GVR property, e.g., music instruments, computers, radios.

6.2.4 Financial and Tax Requirements

- A. GVR Clubs shall operate under a non-profit status consistent with IRS Tax Code 501(c)(4).
- B. Each club must obtain an IRS Employer Identification Number (EIN) and provide that number to the Club Liaison.
- C. GVR Clubs are responsible for any local, state, or federal taxes incurred as a result of club activities.
- D. Clubs shall maintain a simple bookkeeping system, recording all income, source(s) of income, and expenditures. Clubs shall submit a financial report to GVR's CFO by February 1 of each year.
- E. All GVR Clubs shall file appropriate tax documents and provide a copy to the GVR Club Liaison.

6.2.5 Sales Tax

- A. Because of GVR's 501(c)(4) non-profit status, hobby shops must collect sales tax on items sold from their studios, including supplies purchased by club members.
- B. If a club intends to routinely sell items or be a retail market, a Business License must be obtained and sales tax must be applied to all transactions. Clubs who do not obtain a Business License may not display "for sale" items in GVR display cases.
- C. Clubs that engage in retail sales are required to comply with all state and federal regulations, including the filing of required tax documents.
- D. Clubs may display "for donation" items in a GVR window or display case. Clubs may not set a firm donation amount, but may post a "suggested donation" sign.
- E. When a club displays items with only a contact name and telephone number, sales must be conducted off GVR property. A club member's transaction outside GVR facilities is a personal tax liability of the member and not the responsibility of the Club or GVR Corporation.
- F. Sales tax is not applicable to services (such as glazing or firing), but the payment for the service must be reported as income on the club's year-end financial report to both state and federal agencies.
- G. If a club purchases a product(s) from a vendor for resale to its members, the club will need to obtain a Business License from Pima County. Once that is completed and the club places an order for a product(s) from a vendor, they will file a 5000A (Arizona Resale Certificate) with that vendor and will not pay any state sales tax for the products. When the club sells that product(s) to its members, the club member will be charged the appropriate sales tax at that time. The club must then register with the Arizona Department of Revenue and file monthly or quarterly reports as required.

H. It is the responsibility of each individual artist to secure an Arizona Transaction Privilege Tax License to sell products.

6.2.6 Facilities

- A. Requests for dedicated space shall be evaluated on a case-by-case basis. The cost of any modification or expansion of facilities may be shared if mutually agreed upon. Any such expansion or modification shall become the property of GVR.
- B. Clubs that don't routinely utilize at least 50% of their dedicated space may be reassigned to a more appropriately sized facility.
- C. Clubs with dedicated space are required to use their dedicated space for meetings and events. Exceptions will be made for special events that cannot be accommodated in a club dedicated space.
- D. GVR CEO has the authority to make exceptions and changes to the Reservations Policy as needed to accommodate special circumstances.
- E. Reservation requests are subject to review on an annual basis. The availability of facilities is not guaranteed each year. Reservations are based on the number of requests for available space.

6.2.7 Clubs and Class Offerings

- A. Clubs are welcomed to provide instructional classes for club members and/or all GVR Members. Due to Internal Revenue Guidelines for Independent Contractors working with or through GVR, Workers Compensation and General Liability issues, GVR has the following policies:
 - 1. All club classes must be offered through GVR's Instructional Class Program. Clubs must contact the Recreation Services Director for complete procedure information, submit a class proposal, and/or be informed of exceptions to this policy.
 - 2. Instructors will be required to complete a W-9 and/or other necessary documents prior to their start date.
 - 3. GVR may require instructors of high-risk classes, e.g., tennis, pickleball, swimming, to obtain an additional one-million-dollar liability policy.
 - 4. The class fee is split between GVR and the Class Instructor.
 - 5. GVR will work with individual clubs to schedule and promote their classes. GVR can also provide administrative support, when needed, e.g., contacting registrants, distributing supply lists, providing class lists.
 - 6. All clubs must be in compliance with these policies. If a club holds a class in a GVR facility without going through the proper channels, they are in direct competition with the GVR Instructional Class Program. Such an action can lead to club suspension and/or GVR membership suspension.
 - 7. Classes or workshops that are offered free of charge to club members (or to all GVR Members), may not be subject to these guidelines. We encourage the Club Representative to contact the GVR Recreation Program Coordinator to review the specific requirements under those circumstances.

6.2.8 Club Reporting and Records Management

- A. All GVR Clubs are required to sign and submit an Annual Club Agreement which outlines the club's responsibilities to GVR and what they can expect from GVR in return. If a club refuses to sign or does not fulfill their requirements, GVR may require the club to meet with the BAC for review.
- B. All clubs shall maintain a continuity of records and shall preserve all correspondence and minutes for a period of no less than three years. Club records are kept for the prescribed period of time in accordance with administrative policies for record retention.

6.2.9 Club Bylaws

Club Bylaws are the governing documents for the club. It is important that they be kept up-to-date and current with the club's activity. Club Bylaws shall be resubmitted to GVR no less than every five years, or earlier if amended.

6.2.10 Member Code of Conduct

- A. Clubs within GVR are often faced with internal conflicts between club members or behavioral issues. GVR staff does not resolve conflicts between individual club members nor do they get involved with internal policies written and enforced by the clubs.
- B. There are various ways in which clubs can handle member complaints and conduct issues. Two suggestions are as follows:
 - 1. Three Strike Rule
 - a. Strike One: If a Club Member begins to be disruptive or abusive, a Club Officer or designee should take the individual aside and talk to them privately. Let them know that their behavior will not be tolerated and if it does not stop, they will be asked to leave. Documentation must be kept on file in all instances, in case you need to refer back to a particular incident.
 - b. Strike Two: If the individual continues to be disruptive or abusive, the Club President or designee will write a letter to the individual restating GVR policy and possible consequences. A copy of the letter must be provided to GVR's Club Liaison.
 - c. Strike Three: If the behavior has not been corrected, the Club's Board has the authority to remove the individual from their membership. A removal letter must be provided to the member and GVR's Club Liaison. Every opportunity to correct a problem should be given to the club member before dismissal from the club. If personality conflicts between members are the problem, they would also be handled as stated above. An equal and fair opportunity should be given to all parties involved.
 - 2. Peer Committees

It may be beneficial for clubs to appoint Peer Committees to serve as mediators when a conflict arises within a club. Their basic function is to investigate and listen to all sides of the story and arrive at a resolution. If a resolution cannot be agreed upon, the matter would go to the Club's Board to handle. At all times, GVR must be kept informed of any conflicts and their outcome.

6.2.11 Dissolution of a Club

- A. Should a club choose to dissolve, they must notify the GVR Club Liaison. The CEO will authorize the formal dissolution of the club after the payment of all bills.
- B. In the event of dissolution of a club, club property remains the property of GVR.

SECTION 3 - HOBBY SHOPS AND STUDIO CLUBS

6.3.1 Basic Services

- A. Arts and crafts facilities are intended for the member's pursuit of hobbies. GVR prohibits the commercial use of its arts and crafts facilities. Mass production of articles to be sold for private gain is prohibited.
- B. If determined to be in the best interest of the membership as a whole, GVR may underwrite basic services of the clubs which include:
 - 1. Facilities
 - 2. Utilities
 - 3. Custodial and maintenance service
 - 4. Counseling and administrative support
 - 5. Fixtures (multi-use tables, chairs, amplifier systems, chalkboards), and
 - 6. Initial equipment basic to the activity.
- C. Hobby shops and studios must be self-supporting through dues, class fees and other miscellaneous revenues. Income derived from studio users and hobby shops shall be used to offset both consumable supply expenses and instructor salaries.

6.3.2 Equipment

- A. Equipment belongs to GVR, whether it is the original equipment, replacement of original equipment, or additional equipment subsequently purchased by the club. Equipment includes, but is not limited to, machines, computers, furniture, machine tools, building fixtures, building improvements, carpeting, and kilns.
- B. The replacement and/or repair of hobby equipment located in the hobby shops is the responsibility of the club.
- C. GVR is responsible for building maintenance (i.e., plumbing, electrical, roof leaks, etc.) within the dedicated club space.
- D. Consumable supplies and operational expenses incurred because of the nature of the activity performed shall be the sole responsibility of the GVR Club.
- E. Additional equipment acquisitions, both capital and operational, which serve to enhance or expand the capabilities or service of the hobby shop, shall be considered improvements and are the sole financial responsibility of the club. Such additional equipment acquisitions shall become the property of GVR.
- F. Club-utilized equipment may be sold or traded by the club provided that:
 - 1. Property traded for shall be utilized by the club;
 - 2. Proceeds from sales shall be utilized for the procurement of

- property for club use; and
3. Approval shall be obtained from the Chief Executive officer or his/her designee.

6.3.3 Members' Use of Hobby Shops

- A. Members who supervise the hobby shops shall pay annual dues to their club in lieu of a usage charge. Some hobby shops allow usage by guests and a small fee may apply. Please check individual Club's Bylaws for their policy on this issue. This fee, and the dues and income of the club, are expected to provide funds for the purchase and replacement of equipment and for the maintenance and upkeep of equipment.
- B. It is the intent of GVR that dedicated club spaces not be overly unfairly utilized by members mass producing items for resale. While a tax number constitutes commercial intent, not all members making items for sale create a burden on a dedicated space's facilities. If, in the eyes of fellow club members, a member with a tax number is overburdening the facility (storage space, access to equipment, etc.), the Club's Board must take appropriate steps to resolve the issue. If the Club's Board fails to act in an appropriate or timely manner, GVR's Club Liaison will resolve the dispute.

6.3.4 Merchandise/Product Sales

- A. GVR recognizes that finished craft pieces are sold through display cases in hobby shops. Because of the organization's non-profit private club status, sales may only be made to GVR Members or their guests with appropriate GVR identification.
- B. Purchases from prospective GVR Members, accompanied by a local realtor, are acceptable, as long as the realtor is a GVR Member.
- C. Arts and Craft Fairs are exempt from the member/guest only sales restriction because the IRS considers such events as occasional and incidental sales activity.
- D. Materials sold through the hobby shops for the production of crafts may only be sold to Club Members.

7.2.4 Media & Public Access

As a private, nonprofit 501(c)(4) organization, GVR is obligated to ensure that only authorized members, guests, and visitors are allowed access to its facilities and programs in conformance with its Bylaws. For this reason, The Corporation may deny the use of its facilities to any outside group that, in its judgment, does not further the interests of GVR and its members. GVR may also deny requests for access or information by news organizations if it is determined that the nature of the visit or inquiry is not in the best interest of The Corporation and/or its members.

7.2.5 Media Access

The news media may request access to GVR, its members, clubs and programs for the purpose of developing news items subject to certain restrictions. GVR has an obligation to protect the privacy of its members without intrusion or disruption of their visits to or utilization of GVR facilities.

Media representatives (e.g., reporters) are also welcome to attend members-only functions held on GVR property (such as GVR Club events) or events hosted by outside groups that are renting GVR facilities if they have been invited to such events. Media representatives shall notify GVR in advance if they wish to attend non-public events to which they have not received an invitation from GVR or the event's host such as GVR classes, and all other activities at any GVR facility (including meeting rooms, sports courts, fitness centers and pools/spas).

Media representatives shall be required to provide the general nature of the visit, who they wish to interview, and which facility they wish to visit. GVR sanctions various clubs, many of which use GVR's facilities for their meetings and activities, and some of which have designated spaces for their club's use. As a courtesy, media representatives who wish to access GVR

property to visit a GVR Club shall notify the PIO of their visit and its nature. If a GVR Club has invited media representatives to visit their club or attend an event, the club is required to notify the PIO of such visit.

Media representatives invited to GVR facilities by a GVR Club are subject to the same rules and regulations as other GVR guests. Club's Officers shall be responsible for ensuring that media representatives comply with such rules and regulations and ensuring the accuracy of any information provided to them.

7.2.8 Media Requests for Information – Media Inquiries

GVR wishes to maintain its relationships with media outlets and will respond to any request for information deemed to be in the best interests of The Corporation and its members as determined by the PIO. Emails received from members shall be saved and archived by staff as designated by the CEO.

7.3.5 GVR Email Updates

GVR has an electronic newsletter (e.g., eBlast) that is sent to subscribers who must “opt in” and agree to receive such email communications. 7.3.6 Board of Directors Email Policy (updated 10/25/2016)

Emails addressed to the Board shall be reviewed by the CEO and the designated GVR Email Administrator who shall archive all such email messages, forward them to the Board President, and copy other Directors. Any Director who receives a communication in a personal non-GVR email account that concerns GVR business and/or Board matters shall forward same to the CEO for review and if appropriate, archiving by the GVR Email Administrator.

It is the policy of the Board that individual Directors shall not use email to discuss, debate, or make policy or operational practice statements related to GVR whether in response to a member’s comments or for any other purpose except as may be specifically authorized by the Board.

7.3.7 Board of Directors Email Policy (updated 9/25/2018)

The GVR Director Email Address shall be posted on the GVR website and may be published in GVR publications and Members will be directed to communicate to Directors via the GVR Director Email Address.

Directors shall be assigned an email address by GVR which they shall use for all email communications relating to GVR business and/or operations

between each other and/or GVR staff.

1.3.11 Acknowledgments

We, the Board, recognize the importance of adhering to this IPS and agree to fulfill its objectives to the best of our ability.

1.3.12 Investment Policy Statement – Definition of Terms

- A. Investopedia.com is the primary source of definitions. Some definitions have been paraphrased or they are a composite from several sources.
 - 1. American Depository Receipt (ADR) is a negotiable certificate issued by a U.S. bank representing a specific number of shares (or one share) in a foreign stock that is traded on a U.S. exchange. ADRs are denominated in U.S. Dollars, with the underlying security held by a U.S. financial institution overseas. This is an excellent way to buy an investment in a foreign-based company while realizing any dividend and capital gains in U.S. Dollars. However, ADRs do NOT eliminate currency, economic and country risks attributable to the foreign-based company. There are other ADR risks too. Consult your financial advisor(s).
 - 2. Asset Class means a group of securities that exhibit similar characteristics. The three (3) main asset classes are stocks, fixed income securities (bills, notes, bonds & other debt), and cash and cash equivalents. Some investment professionals would include real estate and commodities and, possibly, other types of investments. Whatever the asset lineup, each one is expected to reflect different risk and return characteristics and will perform differently.
 - 3. Asset Allocation is an **Investment Strategy** aimed to balance risk and reward by apportioning a portfolio's assets according to an investor's goals, **Risk Tolerance**, and investment time horizon. There is no simple formula that can find the right asset allocation

for every investor. However, the consensus among most financial professionals is asset allocation is one of the most important decisions an investor can make. In other words, an investor's selection of individual securities is secondary to the way investments are allocated among the various securities.

4. Capital Appreciation is a rise of an asset price based on a rise in market price.
5. Credit Rating is a grade composed of a letter or letters and numbers given to a particular security by a **Nationally Recognized Statistical Rating Organization** (a credit agency) that ranks investment according to its ability to meet its obligations.
6. Diversification is a process of allocating capital in a way that reduces exposure to any one particular asset or risk.
7. Fund or Fund's and Funds or Funds' means operating cash investments and each **Reserve Fund**.
8. Investment Grade is a **Credit Rating** that indicates the issuer of a debt security has relatively low probability of default. In the case of stocks, investment grade indicates the financial soundness of the issuer. The investment industry has well-established credit rating standards for investment grade.
9. Investment Strategy is an investor's plan of attack to guide its investment decisions based on its goals, **Risk Tolerance** and future needs for invested money. The components of most investment strategies include **Asset Allocation**, buy and sell guidelines, and **Risk Tolerance**. Investment strategies can differ greatly from a rapid growth strategy to a **Capital Appreciation** strategy. The most important part of an investment strategy is that it aligns with the investor's goal and it is followed closely by the investor and his/her financial advisor.
10. Leverage is the use of various financial instruments or borrowed capital such as margin to increase a potential return of an investment.
11. Liquidity means how quickly and easily an investment can be converted into cash.
12. Nationally Recognized Statistical Rating Organization (NRSRO) is a term used by the U.S. Federal Government in several regulatory areas to define a credit rating company like Standard & Poor's, Moody's, Fitch, and others.
13. Rebalancing is the process of realigning the weightings of a portfolio's assets to match its **Asset Allocation** model's weightings. Over time, the prices of investments rise and fall unevenly thus changing the weighting of a portfolio's assets. For example: If an **Asset Allocation** model is 40% stocks, 50% fixed income and 10% cash and the current portfolio assets are distributed 45% stocks, 35% fixed income and 20% cash, rebalancing buys and sells investments to align the current portfolio's asset weightings with the **Asset Allocation** model. If a different **Asset Allocation** model is applied to a portfolio, rebalancing adjusts the portfolio's assets to the new **Asset Allocation** model's weightings.
14. Reserve Fund and Reserve Funds mean a Reserve Fund as defined

in the CPM Part 5 Section 3: 5.3.2.

15. Risk Tolerance is an investor's willingness to risk a potential loss for a potential gain. For example: How comfortable is an investor taking a potential 10% loss for a potential gain of 20%? The investor's risk tolerance is tested at various levels of loss vs gain to assess the investor's overall tolerance for risk and reward.
16. Volatility is the dispersion of a security's price from its mean price over time. A high deviation from a security's mean indicates high volatility. A low deviation indicates low volatility. Commonly, higher the volatility means higher the risk.

SECTION 5 - GVR PHILANTHROPIC NAMING OPPORTUNITIES POLICY (adopted 2/27/2018)

1.5.1 Purpose

The purpose of this policy is to provide standard guidelines for the GVR Board in naming buildings, sites, and common areas as well as programs, funds and services.

1.5.2 Naming in Recognition of Financial Support

- A. For naming in recognition of financial gifts, the donor will be expected to provide all or a substantial part of the cost of the entity. "Substantial" is deemed to mean either a significant majority of the cost (25%) or a contribution which, while not being a significant majority, would not have been available from another source or was in some way integral to project completion. A guide for naming may be based on cost of area per square foot with appropriate adjustments based on visibility of space to be named and other considerations. Naming of programs, funds and services for individual donor gifts may be made when a substantial gift is received for such purpose.
- B. Donors may be individuals, families, organizations, foundations or corporations.
- C. In establishing objectives for a fundraising campaign, GVR Foundation, in consultation with the GVR Board, will establish a schedule of naming opportunities and the level of donation required for each. The Foundation will consult with the GVR Board to advise whether the gift levels are appropriate and consistent with other similar campaigns.

1.5.3 General Provisions

- A. No naming will be approved or (once approved) sustained that will call into serious question the public respect of GVR.
- B. Names of facilities or areas should lend prestige to GVR. The credentials, character and reputation of each individual, organization or corporation for whom the naming rights are being considered shall be carefully scrutinized and evaluated. Nominations submitted for consideration must be accompanied by supporting documentation.
- C. When a building or significant area is named, GVR will continue to use the name so long as the building or area remains in use and serves its original function. When the use has changed such that it must be demolished, substantially renovated or rebuilt, GVR may retain the use of the name, name another comparable room or facility or discontinue the use of the name.
- D. It is the responsibility of the Foundation negotiating on behalf of GVR to advise potential benefactors that their gift may be recognized by naming, subject to approvals and decisions consistent with this policy.
- E. It is also recognized that the Foundation, in developing and executing a campaign, may rely on plaques, a donor wall (monument), pavers, benches, etc. to encourage and recognize a variety of donors.

1.5.4 Approvals

- A. All proposals for naming will be forwarded to the GVR Board, who shall make a determination whether the proposed naming conforms to this policy, is otherwise appropriate, and is of sufficient merit.
- B. The GVR Board will consider for approval the naming of buildings, substantial areas or significant landscape features. The Board will also approve the schedule of naming opportunities and the level of donation required for each upon the launching of a capital campaign on campus. Similarly, the GVR Board will consider for approval the naming of programs, funds and services in recognition of substantial financial support.

1.5.5 Naming Conventions

- A. A uniform system of signage should be adopted by GVR.
- B. Buildings and areas should have names that include their primary function:
 - 1. Special use buildings or areas such as the auditorium, sports courts, hobby shops, meeting rooms, or such, may bear the functional name separately or in combination with the donor's name (e.g., "Smith Auditorium," "Jones Pickleball Complex," "Wise Lapidary Lab").
 - 2. Outdoor areas shall bear the name of the individual and a functional description (e.g., "Hall Shaded Canopy Community Space").
- C. Plaques and signage should be tasteful, discrete and consistent with other GVR signage.

SECTION 6 - GVR RESERVE STUDY POLICY (10/27/2021)

1.6.1 Overview

- A. A Reserve Study is a planning and budgeting tool that enables GVR to

plan for the maintenance, repair and replacement of its equipment, facilities, and infrastructure to meet member expectations and high standards. The study accomplishes this by analyzing, quantifying and projecting costs of specific items called Components, in the aggregate called a Component Inventory, over a 30-year period and formulating a Reserve Contribution amount to pay these costs.

- B. The Reserve Study verifies the current status of the Reserve Fund and calculates a stable and equitable Funding Plan to offset the anticipated future major common area expenditures. The Reserve Study consists of two parts:
 - 1. Physical Analysis, and
 - 2. Financial Analysis.

1.6.2 Reserve Study

- A. To be fiscally responsible, GVR has to answer these basic but critical questions:
 - 1. What will the cost be to maintain, repair and replace its equipment, facilities, and infrastructure to meet member expectations and high standards?
 - 2. When and to what extent will these costs be incurred?
 - 3. Will GVR have sufficient money on-hand to meet these costs?
- B. There are three (3) types of Reserve Studies:
 - 1. Full Reserve Study – Baseline, vendor evaluates all facilities, equipment and infrastructure.
 - 2. Reserve Study with no onsite visit (NOV) – GVR updates Component Inventory with changes.
 - 3. Reserve Study with an onsite visit (WOV) – Vendor reevaluates Component Inventory & updates.
- C. The Component Inventory of a Reserve Study is the fundamental data driving Reserve Study results. To maintain Component Inventory integrity, it is imperative that GVR record all maintenance, repairs and replacements to Components as they occur or new Components are added and notify the Reserve Study provider. This is especially true when Reserve Study with no onsite visit is done.
- D. Each Component must meet these four (4) criteria:
 - 1. GVR must have a duty to maintain, repair and replace it
 - 2. Limited useful life
 - 3. Predictable remaining useful life
 - 4. Exceeds a minimum dollar threshold
- E. By planning, budgeting and funding GVR maintenance, repair and replacement expenses, GVR achieves these three (3) goals:
 - 1. Sufficient cash to meet its Reserve Study Component Inventory expenses
 - 2. Achieves a stable Reserve Contribution amount
 - 3. Evenly distributes the cost to current and future members
- F. Financial Analysis: This portion of a Reserve Study determines the current status of the Reserves (measured as cash or Percent Funded) and recommends Reserve Contribution rate (Reserve Funding Plan) and the projected Reserve Income and Expense over time is presented. The Financial Analysis is one of the two parts of a Reserve Study.

- G. Fully Funded Balance (FFB): An indicator against which Actual (or Projected) Reserve balance can be compared. The Reserve balance that is in direct proportion to the fraction of life "used up" of the current Repair or Replacement cost. This number is calculated for each Component then summed together for GVR total. Two formulae can be utilized, depending on the provider's sensitivity to interest and inflation effects. NOTE: Both yield identical results when interest and inflation are equivalent.

$$\text{FFB} = \text{Current Cost} \times \text{Effective Age} / \text{Useful Life}$$

Or

$$\text{FFB} = (\text{Current Cost} \times \text{Effective Age} / \text{Useful Life}) +$$
$$[(\text{Current Cost} \times \text{Effective Age} / \text{Useful Life}) / (1 + \text{Interest Rate}) ^ \text{Remaining Useful Life}] -$$
$$[(\text{Current Cost} \times \text{Effective Age} / \text{Useful Life}) / (1 + \text{Inflation Rate}) ^ \text{Remaining Useful Life}]$$

- H. Percent Funded: The ratio, at particular point in time (typically the beginning of the Fiscal Year), of the *actual* (or projected) Reserve Balance divided by the Fully Funded Balance is expressed as a percentage.

1.6.3 Annual Reserve Study

- A. During the third quarter of the current budget year, GVR staff and the FAC shall recommend and the Board shall approve a Reserve Study provider and the type of Reserve Study to be performed during the first quarter of the next budget year.
- B. During the first quarter of each budget year, GVR shall ensure a Reserve Study is performed by a qualified, reputable Reserve Study provider with the final Reserve Study due 90 days prior to the final budget date. The Reserve Contribution amount will be incorporated into GVR's annual budget.
- C. GVR shall annually make the Reserve Contribution to the Maintenance, Repair and Replacement Reserve Fund called for in the Annual Reserve Study.
